Dec. 25th & 26th, Jan. 1st & 2nd closed

Our Team attended "The Art of Beauty" Salon Forum Oct. 25th & 26th where we learned the newest collections of '09 cuts and the latest color techniques to give YOU that runway style.

Disconnected haircuts give a cut within a cut for wearing versatility, supported by subtle tones that melt together with strategically placed, pops of color can create a completely new look just by sweeping of your style the opposite way. Come experience the new YOU! Make an appointment now and find out what hair cut, color, and style is the one for your face shape. Learn what Redken styling products will help recreate this at home yourself.
